Into the house the hobo stole,  
He found the pantry door;  
At once his eyes began to roll—  
It was a goodly store.  
Quite by mistake he ate a cake  
Of yeast—I know not how.  
It was a most disastrous break,  
For he is working now!

**WE ARE PROUD!**

WE ARE PROUD to say that we are now in our new addition, 2,000 square feet more room. Not entirely fixed, but enough to help us during the holiday rush.

WE ARE PROUD that Maysville has a social body like Ringgold Lodge, I. O. O. F., that is above any petty jealousy—always trying to help her brothers as well as all Maysville. It is due to this Lodge that we can invite you in to this 2,000 square feet of additional room.

WE ARE PROUD that Maysville can show to the world a contractor like Mr. I. M. Lane. With his aid-de-camp, he has built the best and prettiest store in Maysville; and as good as his promise, he has turned it over to us complete, this 2,000 square feet of additional room, just on the minute.

WE ARE PROUD to say that every nickel of this work, except \$152 for prism glass, has gone to the honest and good workmen of Maysville, and

through their extra endeavors we are able to invite you today to come and see what this 2,000 square feet of additional room will mean to Maysville.

WE ARE PROUD that our prominence in the Eastern market enables us to give to the people in lightning rapidity the advance styles and changes as they occur.

WE ARE PROUD that we can say with bold assertion that we have built up a larger business in Maysville in three years than some stores have in half a century.

WE ARE PROUD to state if the people continue to demand more room, because of more business, we will gladly add another 2,000 square feet of additional room.

WE ARE PROUD that we are the only DRUG-GOODS store that gives GLOBE TRADING STAMPS. WE ARE PROUD—yes, we are proud, we three boys.

It's sure enough General PERCY HALEY now.

PRESIDENT ROOSEVELT, if nominated next year, stands an equal chance of carrying Kentucky and New York. Please paste this in your hat.

THE failure of the Senate to reach a vote on the nomination of "Doctor" Woon for a Major Generalship is to be regretted. The whole rotten Cuban mess ought to be exposed.

At Woodmere, L. I., a Deputy Sheriff was sentenced to three months imprisonment for kissing a pretty schoolteacher against her will. Served him right. Why didn't he kiss her against her lips?

ONE of the results of legalized gambling in cotton on the New York Cotton Exchange, coupled with a shortage of the crop in the South, is that, unless relief can soon reach them, the hundreds of thousands of employees in the cotton industry in this country will soon be in the direst straits. Many thousands of them in the South and all through New England are now without work and on the verge of starvation, and mills upon mills have already ceased work and more must of necessity shut down in the next few days for the reason that there is little cotton available with which to work, and the crop is estimated to be over half a million bales less than last year.

SOME days ago the esteemed Bulletin, replying to THE LEDGER's statement that only Democrats were being chosen for Rural Free Delivery Carriers in Mason county, "squashed" down on this paper with the knock-out argument that the appointments were made under the Civil Service Rules, and that if more Democrats than Republicans were appointed, it simply went to show the superior intelligence of the Democrats in passing the examinations. Of course, Br'er Marsu was not supposed to know that there was or could be any crookedness under the beneficent reign of John & Teddy's Snivel Service Ohio, and he will no doubt be much surprised on reading elsewhere an expose of the way the thing was done, as told by The Dover Public Messenger. In the meantime, Great is Snivel Service!

AN old-time patron of THE LEDGER hops up on his hind legs and orders his subscription discontinued because the Editor has seen fit to say "revengeful" and "spiteful" things about President ROOSEVELT, whose Administration, the o.-t. p. thinks is the greatest that ever happened. The wish of the subscriber will be complied with promptly and cheerfully; but he'll miss a whole lot of "spiteful" things that are yet in store for any Republican who thinks he has the whole country in a hand-basket, to be peddled out only on the advice of Democrats. By the way, it may astonish the late patron to find THE LEDGER conducting business at the old stand long after the present Democratic-twin conglomeration has given way to a real Republican Administration.

WHENEVER you find a rantaukerous Republican, who can't see any good in the other fellow's party and nothing bad in his own, he'll bear watching; the next thing you know he'll be voting the straight Democratic ticket.

According to the United States Treasury statement the per capita circulation of money in the United States is now at its high water mark. The amount is \$30.21 for each person in the country. The total amount of money in the United States is \$2,742,299,781. The per capita circulation has been rising steadily during the past three or four years.

Word comes from Washington that in a prolonged conference at the White House Senator HANNA stated to President ROOSEVELT his irrevocable determination not to accept the management of the next Presidential campaign. This was merely a repetition of his statement to the President when he went to Washington at the opening of the special session, although at Mr. ROOSEVELT's request he then took the matter under advisement. Consideration, however, has not shown him any reason for a modification of his decision, and he is now unqualifiedly out of the campaign, so far as its management is concerned. It is not known whether or not he was again asked to swear allegiance to the President. Mr. HANNA is said to have been in an extremely uncommunicative mood when seen at the conclusion of the conference.

DOVER R. F. D. HELD UP.

Alleged Crookedness in the Examination For Carriers—The Postoffice Department Will Investigate, and Will Order a New Deal.

Dover Public Messenger.

Murder will out,  
Honest is the best policy,  
You can't always sometimes tell  
How the cat's going to jump—  
Or words to that effect.

There was something rotten in the recent examination for Rural Free Delivery Carriers at Maysville a few weeks ago.

Now the Postoffice Department has ordered the R. F. D. Route running out of Dover, and five other proposed new routes in the county, held up, pending an investigation, and further along a new examination for Carriers will be held. All this trouble was caused by one D. J. Niven, who was acting in the capacity of special agent of the Government for the establishment of Rural Delivery Routes in Mason County. Instead of working for Uncle Sam, Niven was looking out for No. 1, and seems to have made a sad mess of the whole matter.

To be brief, your Uncle Sam soon gets on to the chicanery of his public servants, and then the fur flies.

Mr. Niven evidently "stood in" with the Democrats, or the Democrats stood in with him—which is all the same price—and the result was all the new recently appointed Carriers are Democrats.

"This is all right but it won't do."

Postmaster Dunham has received the following notice from the Hon. J. L. Bristow, Fourth Assistant Postmaster General:

"You are informed that the establishment of rural free delivery service from your office, ordered for December 15, 1908, over route No. 11, has been postponed.

"This action was necessary in order to give the matter of examination of carriers in Mason county, Ky., further consideration."

Mr. Lank T. Bacon, who received Mr. Niven's indorsement and was appointed Carrier at the Dover office, has already executed his bond, and has advertised his stock and farming implements for sale next Tuesday.

Of course now it looks like Mr. Bacon will lose out entirely and a new man will receive the appointment.

Anyway, it is a pretty mess and is enough to make Colonel D. J. Niven go and tank up some more.

We understand that charges have already been preferred by the Department against Niven, and his dismissal from the service would not be improbable.

River News

The wharboat has been moved up behind the ice piers.

Ice has interfered with navigation earlier this year than for several years past.

The Lee Line will run no more boats between St. Louis and Memphis until the ice thins out.

The wickets have been raised at Davis Island Dam, and all the stranded river craft in the Pittsburgh harbor will be afloat again.

The ice piers at this point are all right. They are a protection to river craft along the shore from Limestone creek to Beasley creek.

The Ohio river is closed by ice gorges, which have formed at Lipton's Landing, 34 miles south of Wheeling. Traffic is entirely suspended.

By a sudden change in the channel of the Mississippi river near Selma, Mo., 35 miles below St. Louis, three large steamers on their way to St. Louis have been caught in the old channel as the water receded, and are now hard aground. One of the steamers is the City of Memphis, bound from Waterloo, Ala., with a cargo of 45,000 bushels of peanuts. The other boats are the Chester and the Dolphin. The United States lighthouse steamer Lily has gone to their assistance. Passengers were landed at Salem and coalhauled to St. Louis by rail.

The following are the signals, bell taps and measures of lead lines used on steamboats: Boats descending have the right of way; one blast, to pass boat on starboard (right) side; two blasts, to pass boat on larboard (left) side; five quick blasts, distress; a succession of short toots is the salute signal; one long, two short, one long blast is the signal for landing of these boats; while at landing, three taps, all ready; one tap, let go; while running, one tap, heave lead on the starboard side; two taps, heave lead on the larboard side.

The People's Building Association is now open for new stock in the Nineteenth Series. Call on any of the officers or Directors.

We will pay any one to demonstrate to us why this appliance is not essential and practical. There has been more than \$500 worth of ranges destroyed in our city in the past two years, and many narrow escapes of serious injury to life and limbs could have been avoided.

McClanahan & Saxe will soon install a hydraulic elevator in their Second street business house.

They are claiming on the streets this morning that the Mark Hanna of the City Council got his first real hard last night.

Yesterday morning a coal cart belonging to Walton & Malone was unloading at a house on the Lexington pike near the spring when the horse became frightened and ran down the pike. The roadway being covered with ice he could not keep his feet, and at a curve in the road was thrown over a wire fence down an embankment and the cart turned upside down on the pike. Apparently the animal was not injured, as he got up and was returned to the cart for further service.

### WHISKY IN TROUBLE

**Dealer Appears to Have Gotten the Wrong Brand on the Barrels**

Generally, there's trouble in whisky, but this time it appears that the conditions are reversed and that a lot of whisky is in the trouble.

In Cincinnati Special Revenue Agent Bowen has issued an order detaining about 90 packages of whisky sent out by the wholesale house of I. Levi & Co. of Portsmouth, O., pending an investigation.

It is alleged that the barrels were branded contrary to law.

The name of the wholesale firm appears as "distillers," although it is claimed that the whisky was, in reality, the output of the Rockspring Distilling Company of the Second Kentucky District, and that that company's name should have been the one to appear on the barrels.

**Good for Children.**  
The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It drives out the inflammation, breaks and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong, of Delta, Tex., prescribes it daily and says there is no better cough remedy made. Sold by J. Jas. Wood & Son, Druggists.

The nomination of Leonard Wood to be Major General and those of 167 other officers promoted on account of this appointment, were again sent to the Senate yesterday by the President, that body having failed to act on the nominations at the special session. **A Timely Suggestion.**  
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by J. Jas. Wood & Son.

### CAN'T BE SEPARATED

Some Maysville People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers. You can't separate them. And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mrs. E. J. Thompson of 911 East Second street says:

"Mr. Thompson procured Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and speaks in high praise of their curative powers. Entire exemption from suffering from backache is something so entirely unusual that a remedy which acts so promptly and effectively as did Doan's Kidney Pills is a most desirable one of which to know."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

**MILLIONAIRE'S POOR STOMACH.**  
The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower cures the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 50c; regular size, 75c. At Henry W. Ray's, next door to Postoffice.

## December Perfumes.

A good while ago we began thinking about holiday perfumes; come and see what our thinking has amounted to.

It has resulted in a rare assortment of the finest goods obtainable, in securing some new specialties, and in getting all the price concessions possible.

It is apt to be a sin against your purse and satisfaction if you fail to see our line. Perhaps it's a little early for Christmas buying, but the goods are here, and forehanded people needn't wait.

There was a cry in the streets. People rushed from their doors and strained their eyes on the struggling balloonist fighting for life. Even the poor, panting sufferer in the sick room was forgotten while the family gazed breathless at this strange tragedy of the air. Then they went back to the sick room to tell of the terrible struggle for life they had just witnessed. It did not occur to them that under their very eyes a more terrible, more pathetic struggle was going on daily.

There can be nothing more pitiful than the struggle the consumptive makes against disease. The greatest help in this struggle is gained by the use of Dr. Pierce's Golden Medical Discovery. It cures obstinate coughs, weak and bleeding lungs, emaciation, and other ailments which if neglected or unskillfully treated find a fatal termination in consumption.

"In 1868 one of my daughters was suffering from a severe cough, hectic fever, wasting of flesh and other symptoms of diseased lungs," writes Rev. Joseph H. Reseman, of Barren Springs, Ireland Co., N. C. "I promptly gave her Dr. R. V. Pierce's Golden Medical Discovery with gratifying success, and she now enjoys excellent health. This being true, I hereby heartily endorse your medicines."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

**Deafness Cannot Be Cured**

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one Hundred Dollars for any cure of Deafness caused by catarrh, that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, etc. Hall's Family Pills are the best.
